

The Learning Centre brings you the **WINTER GOLF PROGRAM** Launches January 2nd to March 31st

Elevate your golf game this winter with our Winter Golf Program, featuring a controlled environment of over 4,000 square feet and state-of-the-art technical aids. Our on-site Teaching Professionals foster an environment of learning and long term skill development, tracking change, measuring growth and helping golfers to reach their goals.

Learning Centre Highlights:

- TrackMan™ IIIe Radars
- Private & Group Coaching
- 800 sq. ft. Practice Green
- Simulator Golf
- Supervised Training
- 5 Training Bays
- TOMI™ Putting System
- Private Coaching Studio
- Custom Club Fitting

State-of-the-Art Technology and Measurable Results:

TrackMan™ – TrackMan™ is the most advanced golf radar technology in the world and is the number one choice for swing and ball flight analysis by today's leading golf authorities like the PGA TOUR, the R&A, TOUR Pros, coaches and club fitters. From gaming applications to performance analysis, TrackMan™ is changing the way professional and amateur golfers improve their golf games.

E6Golf Simulator – E6Golf is the leader in golf simulation and is powered by TrackMan™ to give you the most accurate feedback. With more than 85 courses to choose from, E6Golf also features: a driving range, 36 styles of play, swing analysis, in round practice, long drive & closest to pin contests and amazing putting visuals. The software also allows you to compete against other users and track your performance.

TOMI™ Putting System – The TOMI™ Putting System analyzes the player's performance by measuring impact and address alignments, club path, rate of rotation, speed and temp. Capturing information undetectable with the human eye, this system allows a student to quantify a feel or focus required to make a more consistent motion.

WINTER GOLF PROGRAM
